RAINEY'S CHARGES DENIED

Obaldia Exonerates Taft, Cromwell and Farnham

Panama, Feb. 1.—The charges made in the American congress recently by Representative Henry Rainey, of Illinois, against Domingo De Obaldia, President of Panama, and others, have brought out denials from the President and sixteen members of the national assembly. The assemblymen have signed a statement asserting that they were present at a meeting of the President's office, where the contract for the exploitation of the timber industry along the Atlantic coast of Panama was discussed, and that during the meeting neither President Obaldia, nor anyone else, said or implied, that Charles W. Taft, William Nelson Cromwell or Roger L. Farnham had any direct or indirect participation in the business. Among those signing the statement are Dr. Pablo Amsemena, Julio Ferberger and other prominent opposition leaders of the assembly.

Concerning some of the charges, President Obaldia has given out the following statement for publication: "My attitude while in the Colombian congress of 1903 and my entire public life are beyond the reach of slanderers. The Amador Arias government was not overthrown, but after the expiration of its constitutional term, it was defeated in a free election.

"At the meeting in my office, neither Mr. Ehrman nor any outsiders were present, and no mention was made of Charles P. Taft, William Nelson Cromwell or Roger L. Farnham. The railway proposal was presented to the assembly by a Mr. Ward and was rejected. The assembly then enacted a law authorizing the construction of a railway with the funds to be national property. Mr. Ehrman's timber contract was also rejected by the assembly, where a bill is now being discussed, regulating the foreign exploitation on the Atlantic coast between the river Concepcion and Costa Rica, including the entire Chagres Valley."

President Obaldia has discharged a local government censor who published a pamphlet criticizing William Nelson Cromwell and President Roosevelt.

FLAMES DESTROY AN HISTORIC BUILDING

CENTRAL ARCADE OF TWENTY STORES AND OFFICES BURNED

It Was Formerly the Clute Brothers' Machine Shop, Where United States Battleship Was Built.

Schnectady, Feb. 1.—The Central Arcade, consisting of twenty stores on the ground floor and offices, society rooms and printing plant above was destroyed by fire today. The building was located between the New York Central railroad tracks and the Erie Canal and extended from Union to Liberty streets. The loss will reach over \$50,000.

The Central Arcade was formerly the Clute Brothers' Machine shop, where the famous United States monitor which defeated the Merrimack in Hampton Roads during the Civil war was built. The firemen fought the flames with the temperature registering eight degrees below zero and scores of them were frost-bitten.

NEW SOCIAL ORDER FOR FARMERS PICTURED

BARSTOW SAYS CITY LIFE IS POSSIBLE FOR AGRICULTURISTS.

Instead of Living on the Farm, Towns, Five Miles Apart, May Be Built in Farming Districts for Homes.

Chicago, Feb. 1.—A new social order for farmers is pictured by George E. Barstow of Barstow, Texas, president of the International Irrigation congress, who is in Chicago on business connected with the big gathering to be held in Seattle this summer. Great tracks of land where the farmers will not live on the land, but in towns, from which they will hasten by the aid of fast horses or in automobiles, or interurban cars to cultivate the soil was the new thing which the irrigation expert declared would soon become a fact.

Mr. Barstow is known as the father

of irrigation in the southwest. He has himself put through great private irrigation projects at Barstow, Texas, and has been a prime mover in inducing the federal government to build the system which will make fertile over three million acres of land, once a desert.

It is on these government tracts that the old isolated farm house is to become a thing of the past. "The government is laying out towns every five miles," he said. "Thus no farm will be much more than two and one-half miles from a town. The farms will be small, ten to forty acres, and the farming intensive. Under these circumstances the farmers will live in towns of 1,500 to 2,000 people, enjoying all the benefits of urban life—schools, churches and social life. At the same time they will be within an easy reach of their farms as is the average Chicagoan of his business."

"A tide from the city to the country has already set in. Many college graduates have chosen farming on irrigated tracts for their life work."

Mr. Barstow said that the coming congress would be the greatest gathering of its kind ever held. Over 2,500 delegates from forty states and territories and twenty foreign nations are expected.

CALHOUN TRIAL IS SLOW

Fourth Week Is Entered Upon and Only Eight Jurors Secured

San Francisco, Feb. 1.—The trial of Patrick Calhoun, president of the United Railroads, entered upon its fourth week today and the attention of the superior court was primarily engaged in examination of the sixth panel of citizens summoned as jurors. To secure the eight jurors temporarily accepted, it has been necessary to subpoena and interrogate over 500 veniremen and the two panels last subjected to examination, requiring over three days, yielded no addition to the number who have qualified pending the exercise of peremptory challenges.

The proceedings during the early part of the day were of the most formal character. Judge W. P. Lawlor asked the jury questions of the usual time of opening and heard the excuses of the seventy-five talesmen composing the sixth panel. With scarcely an exception the citizens summoned offered reasons why they should not serve.

OBJECT TO CHICAGO REGULATING SALOONS

Chicago, Feb. 1.—Ministers are attacking from their pulpits the home-rule clauses in the proposed city charter vesting the council with power to regulate the liquor traffic. "The rural districts of the state are said to stand on a higher moral plane than the city and to be less subject to the influence of the liquor interests."

Rev. M. P. Boynton in a sermon yesterday said: "One can scarcely imagine a more evil genius for the city than to give her the power to control in the deeper moral questions that are sure to arise. Every true American desires that Chicago shall remain under the protection of the state in her fight against the monstrous saloon and the flagrant brothel."

The Rev. W. B. Millard said: "The sections of the proposed charter which are destined to take the Sunday saloon question out of state control and vest it entirely in the city itself constitute a grave public peril. They are obviously framed for the purpose of making Chicago a wide-open, hellish, Sabbathless city."

Rev. G. D. Cleworth, said: "Never will the sovereign state of Illinois allow her child to become a law unto herself. She is under the parental right and must obey the rules of the house."

MORRIS WILL NOT GIVE OFFICE TO SULLIVAN

Columbus, Feb. 1.—John Sullivan, Governor Harmon's appointee to the railroad commissionership, was sworn in today. He demanded possession of the office from J. C. Morris, the appointee of ex-Governor Harris, but Morris refused to vacate. Sullivan said he would bring quo-warranto proceedings to get possession of the office.

EARTHQUAKE IN MONTREAL

Montreal, Feb. 1.—Shortly before 2 o'clock this morning, a strong earthquake shock followed the slight one that occurred yesterday before midnight, and a number of people who had been aroused by the first tremor were badly frightened. In the west end, where the shock seems to have been prepared to leave their houses, but as the disturbance was not repeated the excitement soon quieted down.

The quake was not recorded on the seismograph at McGill University.

STANDS FOR HIS BILL

President's Letter Has Not Changed Drew's Attitude

Sacramento, Feb. 1.—President Roosevelt's letter to Governor Gillett on the Japanese question, made public this morning, was eagerly read by members of the legislature. A. M. Drew, author of the bill prohibiting aliens to hold land in this state, said: "After a cursory reading of the letter, I am determined to stand for the bill as it has been amended. As to the President's views in this latest letter, I take no exception, but I do believe that Secretary Root, in the letter enclosed by the President, takes an unwarranted stand against all legislation proposed, against the Japanese. My object in introducing the land bill, I may frankly state, was to keep the Japanese from getting a foothold in California. They are not and should not be allowed to become citizens of this country, and they should not have the right of property ownership. We are confronted with a serious situation in this regard, and I shall make every effort to have my measure, preventing all aliens from owning land, passed through the legislature."

Grove L. Johnson, author of the bill prohibiting Japanese being members of corporations and providing for their segregation, said: "The President's letter has no more effect on me than water on a duck's back. I have not changed my mind in the least about the wisdom of enacting these anti-Japanese laws. As to the strength of this sentiment in the assembly, I have no idea, as I have not approached a single member on the question. I only know that I will stand pat."

On motion of Johnson of Sacramento, the rules were suspended and the Drew bill was received as amended by the author and passed upon by the judiciary committee. The measure will be the first special order of business on Wednesday. Transue, of Los Angeles, made an effort to defeat the motion to suspend the rules. He declared that as Drew's bill had been so amended that it was practically a new measure, it should take the regular course of a bill instead of being pushed forward as an amended bill. Sixteen members voted with him.

Louis W. Juilliard, chairman of the assembly Democratic caucus, stated this morning that the minority had not yet decided upon a course of action.

DEATH OVERTAKES AGED COUPLE IN STREET

WIFE HAD JUST DROPPED DEAD FROM HEART FAILURE.

Husband Went to Get Aid and Upon Returning, Fell Lifeless Beside His Wife's Body.

St. Louis, Mo., Feb. 1.—While summing aid for his wife who had dropped dead in the street from heart failure last night, Sebastian Stoll, 67 years old, died beside the body of his helpmate of fifty years, Mrs. Sebastian Stoll, 66 years old, was on her way home from church with her husband when she expired. Her husband, believing she had fainted, had gone to a nearby house and obtained assistance, when he fell lifeless beside the corpse of his wife. A double funeral will be held from their home tomorrow.

AUTOMOBILES TOO EXPENSIVE FOR THE WAR DEPARTMENT

Washington, Feb. 1.—At the direction of the secretary of war a careful investigation into the cost of maintenance of automobiles owned by the war department has been made, and as a result, the secretary has concluded that their use entails greater expense than horses and carriages. He is of the opinion that this expense is not justified and hereafter automobiles will not be used in Washington except where it is shown that their need is imperative and justifies the additional expense.

MAY REQUIRE SHIPS TO BE EQUIPPED WITH WIRELESS

Paris, Feb. 1.—The French government, as a result of the use made of wireless telegraphy following the sinking of the steamer Republic off Nantucket, Jan. 23, is studying the entire question of wireless communication with the idea of introducing a bill to oblige French navigation companies to install wireless apparatus on all their ships above a certain tonnage.

MURDERER DIES IN THE ELECTRIC CHAIR

Ossining, Feb. 1.—Salvatore Gervino was put to death in the electric

chair at Sing Sing prison today for the murder of two New York City policemen, George M. Seehler and Albert A. Silbeck on Sunday afternoon, April 4, 1908. The double murder followed a fight in Washington Square park during which Gervino fired a revolver at a fellow countryman. He shot and killed the officers who attempted to arrest him.

GERMAN STEAMSHIP IS 10 DAYS OVERDUE

Philadelphia, Feb. 1.—There is a considerable anxiety over the German steamship Maria Rickmers, now 31 days out from Greenock, Scotland, and more than ten days overdue. The anxiety is made all the greater by the fact that terrific storms have swept the Atlantic lately. The ship is under the command of Captain A. Rupp and carried a crew of thirty-two men. She has no cargo but is to load coal oil here for Japan.

To the recent storms, shipping agents ascribe the tardiness of the Hamburg-American liner Louise, from Hamburg, the Cosmopolitan liner Candia from Rotterdam and the Atlantic transport liner Montana from London. They are from two to four days overdue, but are expected to make port today.

WOULD-BE SLAYER KILLED

Is Shot by One of His Victims—Woman Is Fatally Wounded

Madison, Feb. 1.—Dee Brown is dead as the result of an attack which he made last night on Henry Lochard. Lochard is seriously injured and Mrs. Lochard is thought to be fatally wounded.

Brown, it is said, went to the Lochard home about midnight and shot Lochard and Mrs. Lochard. Brown was about to shoot again, when Lochard shot Brown in the head.

Brown remained unconscious until his death several hours later. Lochard's life was saved by the first bullet striking the buckle of his suspenders. His hip wound is not dangerous. Mrs. Lochard was shot through the stomach.

It is said the trouble grew out of Brown's wife deserting him. Brown's wife, who was recently divorced, was Mrs. Lochard's sister.

YELLOW FEVER SITUATION SERIOUS IN BARBADOS

New York, Feb. 1.—According to passengers arriving here yesterday on the Quebec liner Korona, the yellow fever situation in the Barbados is quite serious. The Danish and French governments in the West Indies have quarantined all their seaports against the Barbados while several hundred tourists in London had taken the precaution to cancel their passage to the islands. They said here that the British West Indian ports, which are the only ones which would permit the arrival of ships from the Barbados and the landing of passengers. At St. Croix the quarantine station for St. Thomas, the Korona was held up and her passengers were not allowed to go ashore for some time. Despite the reports of fever, it is said that the island physicians disagree as to the nature of the disease, some maintaining that it is not yellow fever but gastric influenza.

ANNUAL INCREASE OF 50,000 IN CHICAGO SCHOOL CHILDREN

Chicago, Feb. 1.—If there is such a thing as race suicide in Chicago out of certain highly colored novels and individual opinions, at least the Chicago board of education has not found it out. President Schneider declares that Chicago shows an annual increase of 50,000 children of school age every year and to take care of the increase the plan for 45 new school buildings and addition to be built at a cost of nearly \$9,000,000, within the next three years has been adopted. President Schneider declares that Chicago never has been able to meet the requirements of her children in the way of schooling and that it always will be the unsolved problem of future boards of education.

HERMAN BILLIK BEGINS HIS LIFE SENTENCE

Chicago, Feb. 1.—Herman Billik, after two years' imprisonment in the county jail, during which period he has five times been respited from death on the gallows, was taken to the county penitentiary today to begin a term of life imprisonment for the murder of Mary Vrzal. The death sentence was commuted to life imprisonment by Governor Deneen. It was the first time in two years that Billik had been outside the jail walls. He expressed confidence before his departure that he soon would receive complete freedom.

TWO HUNDRED DIE IN CANTON FIRE

Canton, China, Feb. 1.—At least 200 lives were lost in a fire which occurred today in a fest of flower boats. The charred bodies of 170 victims have already been recovered, but many persons are still missing.

TAFT AND PARTY IN PANAMA

Engineers Favorably Report on Lock and Dam at Gatun

Culebra, Panama, Feb. 1.—William H. Taft, and the engineers accompanying him, reached here from Panama today on a special train, and made a detailed examination of the fourteen miles of the Culebra cut.

The fact that the existing plans for the lock and dam at Gatun are satisfactory to the visiting engineers, has created a local feeling of optimism and the fears of delay in the completion of the work have been relieved.

Mr. Taft expressed the belief that the view of the engineers regarding the situation at Gatun is to be favorable, and their findings consequently did not come as a surprise to him.

PLANS ON FOOT TO MAKE CHICAGO THE TREE CITY

Chicago, Feb. 1.—Chicago, the tree city, that is the designation by which this municipality will be known if the plans of twenty-three organizations interested in civic improvement are carried out.

A committee of thirty has been appointed to carry forward the work. This body, which is to be known as the Chicago Tree committee, will immediately seek to obtain aid from the city council to provide for an official to take charge of tree planting and care in the city limits. It will be sought, in other words, to have established a tree department of the local government, such as exists in New Jersey, Pennsylvania and other eastern states.

The committee will also seek to take steps by which thousands of trees will be planted in Chicago under a uniform plan and it will be sought to have assessments levied for the purpose of supplying the necessary funds.

WIDOW OF FATHER JOHN OF KRONSTADT IS PENSIONED

St. Petersburg, Feb. 1.—The widow of Father John of Kronstadt, the well-known Russian priest, who died about a month ago, in St. Petersburg has been given a yearly pension of \$2,000. On account of the many pilgrims visiting the monastery where the remains of Father John are buried, the number of priests attached to the establishment has been increased.

WRESTLING MATCH.

Chicago, Feb. 1.—Regardless of the outcome of tonight's go between De Rouen and Mahmoud, De Rouen will wrestle William Demetral, Wednesday night.

The match was signed on account of Demetral's good showing at an exhibition last Saturday night.

STREET CAR FARE IN CLEVELAND IS RAISED

PEOPLE MUST NOW PAY COMPANY FIVE CENTS.

Only One System, Which Has a Two-Cent Fare Franchise Is in Operation.

Cleveland, Feb. 1.—In accordance with instructions recently issued by Judge Taylor of the federal court, to the receivers of the entire street railway system of this city, the rate of fare was increased, beginning today, from one cent to five cents. Those where the franchise specifically provides a rate of not more than three cents. Approximately two-thirds of the street car patrons are now paying a straight five cent fare or 11 tickets for fifty cents.

Patrons of the three cent fare lines are compelled to pay two cents for a transfer, while passengers paying the regular five cent fare obtain free transfers to any line in the city.

Judge Taylor ordered the rate of fare increased because of the inability of the company to pay running expenses and to liquidate accumulated debts under the three cent fare, which rate has been effective on all lines in the city since April 29.

SHOCKS AT LISBON

Lisbon, Jan. 31.—Slight earthquake shocks, accompanied by submarine rumblings have occurred in the region near Beja. No damage has been done.

FOREMOST "TEA TESTER" OF THE COUNTRY DEAD

Chicago, Feb. 1.—E. A. Schoyer, senior member of the tea firm of E. A. Schoyer company, is dead here, after a short illness. Mr. Schoyer was born 64 years ago and was a native of Chicago. He came to Chicago 35 years ago and engaged in the tea business, which he followed until his

death. He was regarded as one of the foremost "tea testers" or experts of the country.

TIME-HONORED HOTEL IS TO BE TORN DOWN

Chicago, Feb. 1.—It is definitely announced that the Sherman house will be torn down and work on a \$2,000,000 structure started within a week after next New Year's day.

With the destruction of the time-honored hotel will pass memories of men and women, famous in many walks of life, who have foregathered and lingered within its walls during their visits to Chicago.

Not even the name of the place is to remain. Along with the others changes the Sherman house is to be changed to the Hotel Sherman and the leather cushioned corners of the lobby where political schemes have been hatched and theatrical stars created over night, within a year will have become memories of the house that used to be.

The Sherman house was built in 1874 by Frank Sherman and first opened as a hotel by Munson Bros. of Boston. Subsequently the hotel was operated by Hubert and Bissell, the late J. Irving Pierce and Joseph Blefeld, who came into possession of the place in 1902.

BRITISH VESSEL SINKS

Captain and Forty-six of Crew, Mostly Asiatics, Are Drowned

Melbourne, Feb. 1.—The British steamer Clan Ranald is a total wreck near Edithburg, and the captain and forty-six of the crew, most of whom were Asiatics, were drowned. The vessel was drifting ashore last night but sank before boats could reach her. Eighteen members of the crew, including twelve coolies, were picked up.

The Clan Ranald was struck by a heavy sea yesterday afternoon and rendered unmanageable. Then being driven ashore, she turned turtle.

CHINESE SCHOOL IS TO BE FOUNDED IN SAN FRANCISCO

San Francisco, Feb. 1.—A Chinese school will be established in this city next week by the Imperial Chinese government for the education of the Chinese children of California. Loong Hing Kwal, who will have charge of the new school, was appointed a commissioner of education by the emperor of China to look into the needs of the children of Chinese parents in this country and it was on his report that it was decided to establish the school. The methods used in the Chinese schools conducted by the local school department are favored by the commissioner and will be used in the new institution. Most of the Chinese children know the language of their parents' native land, but many of them cannot write it. Special stress will be laid on a correction of this fact, and the teaching of the history and customs of China. English will also be taught in the schools.

"WANTED A BURGLAR ON LAKEVIEW AVENUE."

Chicago, Feb. 1.—Much conjecture is being aroused over the appearance in a morning paper of the following ad: "Personal: Wanted, a burglar on Lakeview avenue vicinity of Fullerton avenue."

The need of a burglar on that street is somewhat obscured by the declaration of residents that they have been trying for several months to get rid of a few.

Various interpretations of the advertisement have been offered. Detectives, suspecting a deep plot have made a fruitless investigation. Inquiries brought laughter at most homes in the vicinity. One woman believed that some one's "butler" had resigned and that a linotype machine had taken liberties with the word.

\$11,000 REALIZED BY THE SALE OF RED CROSS STAMPS

New York, Feb. 1.—More than \$11,000 net was realized by the sale of Red Cross stamps in Manhattan and the Bronx during the holiday season, according to figures given out by the committee. As the little red stamps were sold at one cent each this means a number in excess of 1,100,000 were bought in Greater New York. In view of the success of the innovation, the committee has decided to make the Christmas sale a permanent feature if possible. The proceeds collected through the recent distribution will be devoted to the support of the various institutions maintained for the cure of tuberculosis and in the educational campaign against the disease. The total receipts were \$15,488, from which was deducted \$4,217, which included the cost of the stamps and incidental disbursements.

WILL INAUGURATE BUSINESS PROGRAM

Indianapolis, Jan. 31.—President Lewis of the United Mine Workers of America will inaugurate a strictly business program at tomorrow's session of the convention and stop filibustering as far as possible. The tell-tale who tabulated the vote for the national officers will report tomorrow.

ICY BLAST SWEEPS CITY

Coldest Weather of Winter Experienced in New York

New York, Feb. 1.—Swept by a biting northwest wind, New York City today experienced the coldest weather of the winter. The temperature in some portions of the greater city was down to zero just before daylight and the official thermometer of the weather bureau registered five above zero.

Two thousand applicants for food and coffee were lined up at the Bowery Mission during the night, the largest number fed there this winter. In addition to these, three hundred and eighteen persons, including twenty-four women, were given shelter at the city lodging house and the pier of the Charities Department, the foot of east Twenty-sixth street. The street cleaning department had 600 men at work removing the snow during the night, but when the cold became so intense, the work was discontinued.

Eighteen families were driven from their homes in a tenement house in east Seventy-seventh street by fire early today.

INTENSELY COLD IN EASTERN KENTUCKY

Lexington, Feb. 1.—Although the weather was already intensely cold, throughout central and eastern Kentucky, the temperature continued slowly dropping today. Great suffering is reported in the mountain districts and much livestock is reported to have died from the cold. Great snow-drifts in this section are being plowed through today and rural mail service will soon be resumed.

KILLING FROSTS IN CENTRAL FLORIDA.

Washington, Feb. 1.—Killing frosts as far south as the twenty-sixth parallel and temperatures from six to eight degrees below freezing were reported from central and northern Florida today. The cold wave continues east of the Mississippi river, while to the westward, temperatures are again above the seasonal average except in the southwest.

GREAT SUFFERING FROM COLD IN NORTHERN MEXICO

El Paso, Feb. 1.—The coldest weather of the season has prevailed in northern Mexico for the last few days. Great suffering is reported among the poorer classes, who live in adobe huts and are unprepared for cold and snow.

COLDEST WEATHER OF THE SEASON IN PHILADELPHIA

Pittsburg, Feb. 1.—The coldest weather of the season was experienced here today when the thermometer registered nine degrees above zero. A light snow is falling and the mercury is gradually rising.

MASKED MEN GET \$3,417

Saloon in Goldfield, Nev., Visited by Three Robbers

Goldfield, Nev., Feb. 1.—Three masked men held up the Mohawk saloon, one of the biggest of the kind here, and got away with \$3,417 at an early hour this morning. They have not yet been captured.

Entering the front door in Indian file with guns drawn, they lined up about twenty men who were in the place. Then one of them went behind the bar, tapped the cash register, got a key to the safe, took all the bank roll and coin sacks he could find and walked out of the saloon, while the others covered his retreat.

None of those who lined up was molested. Deputy sheriffs are working on the case, but have no clue.

WORST STORM OF SEASON IS RAGING IN CANADA

Winnipeg, Feb. 1.—A telegram last night from Aberdeen, Sask., on the Great Trunk Pacific, said: "The worst storm of the season is raging and the town is completely out of coal. Traffic is also blocked."

It is believed here that a number of places in that region are similarly affected as the Great Trunk has not run a train over that portion of its line for three weeks, on account of snow blockades.

Seeks No Welcome.

CLOSING QUOTATIONS OF WORLD'S MARKETS

PIRSES IRREGULAR IN OPENING DEALINGS

New York, Feb. 1.—Prices moved irregularly today in the opening dealings in stocks. Business was small and changes generally were narrow. Westinghouse Electric declined 1 3/8 and Northern Pacific and American Smelting large fractions. Canadian Pacific rose 1/4. A brisk rise in which a number of stocks advanced sharply was succeeded by a decline in the best prices of the hour. Denver & Rio Grande had an early rise of 1 1/2 and Reading, Anaconda, Brooklyn Rapid Transit, Central Leather, Interborough Metropolitan preferred and United States Rubber (first preferred) 1/2. Among the losers were Toledo, St. Louis Western 2 1/2, Erie first preferred 1 1/4 and Reading second preferred and Amalgamated Copper 1.

The sag in prices carried down Chicago Great Western "A" preferred 1 1/8 and Northern Pacific, Minneapolis & St. Paul and Santa Fe. Iowa Central preferred and American Linsseed. Prices then took an upward turn, Reading rising to 133 and Chesapeake & Ohio, American Car and Tennessee Copper gaining 1 and United States Rubber 1 1/2. Bonds were irregular.
